Objective

As an experienced Frontend developer with one years of industry experience, I am extremely enthusiastic and willing to do anything it takes to ensure a product is ready. I possess strong skills in building responsive and user-friendly web applications utilizing Html, Css, TailwindCss, Bootstrap, React, and NextJs. My passion lies in leveraging technology to solve real-world problems, and I am always eager to tackle new challenges. With an open mind and a willingness to learn, I am excited to explore any exciting opportunities in full-stack development that come my way.

Work Experience

Frontend developer   July 2023-Present

Harshly Education and Skills Technologies Pvt Ltd l Noida

• Developed interactive and user-friendly web applications using React.js,NextJs enhancing the overall user experience.
